The Honorable Bob Barr

Washington, DC 20515

Dear Representative Barr:

The forty members of our Chapter are concerned about the fact that Congress has given exclusive use of the public airwaves to seven or so major corporations. In return, the broadcasters are supposed to act in the public interest; however, just what that entails has not been clearly defined.

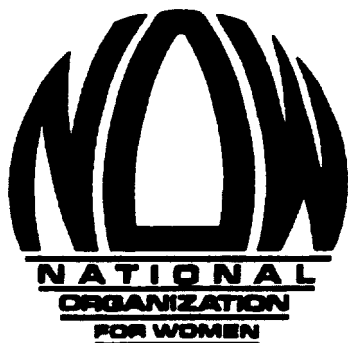

I have enclosed a copy of a letter that we wrote to William Kennard, Chair of the Federal Communications Commission. We are asking you to use your influence to have the FCC convene hearings to listen to those of us who are concerned about the broadcasters asking for voluntary guidelines rather than firm requirements.

Thank you in advance for your consideration of our request.

Sincerely,

Beverly J. McMurray

William Kennard, Chair

Dear Mr. Kennard:

The forty members of our Chapter are concerned about the fact that Congress has given exclusive use of the public airwaves to seven or so major corporations. In return, the broadcasters are supposed to act in the public interest; however, just what that entails has not been clearly defined.

We are asking you to have the FCC convene hearings to listen to those of us who are concerned about the broadcasters asking for voluntary guidelines rather than firm requirements. As an organization that promotes the equality and empowerment of women, we are especially concerned that women and people of color have traditionally not had equal access to the airwaves.

Thank you in advance for your consideration of our request to have hearings in preparation for establishing the guidelines that the broadcasters must meet in exchange for use of the digital television signals.

Sincerely,

Beverly J. McMurray
